Track & Field (B/G)	Gabe Gutierrez John Hill Jesse Snyder Kim Benedict	A meet schedule for Kingco championships has been voted on by all schools and distributed to coaches. Facing enormous staffing challenges for the Kingco championship meet, especially for field judges. Many officials that worked the meet prior to covid are no longer available. All contacts that you have of people that work your home events. It may be necessary for coaches to officiate events outside of their classification (4A coach officiates 2A event), ADS will need to support this expectation and make it clear to coaches that this is what has to happen for us to pull off a meet of this size. If enough are available to do this, we	

		<p>should be able to make sure that no coaches are being asked to officiate when their athletes are competing, but if coaches are only available when their athletes are competing we could be in trouble.</p> <p>Debate on how to run timed finals at district meets whether the slow heat or the fast heat should race first, traditionally the fast heat runs first but there is no rule that governs this. The argument is that there is an advantage to running in the second heat that is earned by qualifying at a better time.</p>
